# HITLER MEETS DEFEAT AT STALINGRAD

## Meandering Along the Main Stem

**By WASH FAYETTE**  
I have just noticed that the women of Union Chapel Church at Yatesville are going to give one of their famous chicken suppers at the town hall in the village Friday evening.

It has been many years since I enjoyed one of those suppers, and what good cooks they used to have there! I know there are equally good cooks elsewhere in the county where those wonderful chicken suppers are served, but just because the Yatesville community used to be home to me when I was a youngster, the suppers there always seemed the best.

The supper in the township hall at Yatesville reminds me that I used to advocate the building of a township house in Yatesville many years before one was built, and pointed out the advantages of such an assembling place.

Social events in the community in those days were either held in the church, nearby, or the Knights of Pythias Hall over what for years was the Durlinger Store, and later the William Minnick Store and then numerous others took over the store.

The Knights of Pythias Hall has been abandoned as a meeting place, but the large township hall, school building and church offer ample opportunity for the community to enjoy social activities generally.

I guess I was "born 30 years too soon."

Here is something for you motor car owners to think about, and believe it or not, you are going to think more and more about it as the days make weeks and the weeks lengthen into months.

At the present time, due to tire shortage and depreciation on automobiles, there are three automobiles being removed from the highways every minute, or at the rate of 4,320 every day . . . and your car may be included in the next list.

You see, no new cars are being made, and spare parts are becoming exhausted in some lines of cars. Then, there is the little matter of tires, and on top of this gasoline rationing is coming in November.

Many persons are still skeptical about the gasoline rationing, but throughout the United States plans are going forward under government supervision, to help the public meet the rationing and save their tires and automobiles to make them do for an indefinite period.

You might as well prepare yourself for a pronounced shock when gasoline rationing is started, and to make up your mind to "share the ride" and do many other things in order to conserve all present transportation facilities.

You may not realize it, but the country's transportation system is seriously threatened unless the individual does his part, and if you do yours, and your neighbors do theirs, this vital thing so essential to winning the war will be solved.

And don't forget that practically all of us must make our present cars and tires do until synthetic rubber is ready, and until the war is won . . . and it's going to take some real stretching to do this. You know even rubber can be stretched only so far.

A few days ago Carl O. Davy, of New Holland, left his interesting collection of old coins for me to look over, and I found that he has around 250 rare coins, including a large number of the old copper cents about the size of a half dollar, and a great many coins of foreign countries.

Carl's chief hobby is collecting old coins, and he has been assembling his collection for many years.

Included in the list I notice some brass coins of foreign mintage. They are quite unusual, although a few countries have them in small denominations.

He has one of the largest collections of the old copper cents that I have seen in many years. I was also deeply interested in some half-cent, two-cent, three-cent and half dimes included in his collection.

I like people with hobbies, for I have a few of them myself, such as old coins (I have about 100), Indian relics, stones, wildflowers, geology, travel and possibly a few others.

### JUDGE DELAYS SENTENCE

**Rejected Submarine Parts  
Shipped on for Use, They  
Admit at Trial**

CLEVELAND, Oct. 12.—(AP)—Three former officials of the Harsch Bronze and Foundry Co. pleaded guilty today to conspiracy to defraud the government in the production of submarine engine and marine instrument parts.

Judge Emrich B. Freed delayed sentence until prosecutors prepare a report upon the effect of the defendants' fraud upon war production.

The confessed conspirators are Harry Harsch, 45, former vice-president and secretary; Alfred H. Hauck, 28, former production manager, and Walter E. Cowie, 27, Harsch's assistant.

"There is more involved here than punishment. It is a matter of setting an example for violations of this kind," Judge Freed said. Maximum penalty is two years' imprisonment, \$10,000 fine, or both.

Counsel for Harsch said he had substituted castings rejected by U. S. Naval inspectors "because he believed they were good; as to the charge the defendants shipped rejected bronze and aluminum rings on approved test numbers, that was an actual mistake."

## AXIS SHIPS BLASTED OFF CRETE BY YANKS

**By FRANK L. MARTIN**  
CAIRO, Oct. 12.—(AP)—Striking anew in an almost non-stop attack on Axis supply shipping across the Mediterranean, United States heavy bombers scored hits yesterday on two freighters escorted by three destroyers off the coast of Crete and a few minutes later shot down two Messerschmitt 110's and a Junkers 88.

By bringing down these three German planes the American gunners destroyed one-third of the attacking force of land-based Nazi aircraft which arose to defend the freighters.

The vessels were estimated at 8,000 tons each. One of the heaviest bombs carried landed squarely on the stern of the first ship and when it last was seen it appeared to be sinking, returning fliers reported.

## O. S. U. FOOTBALL TICKET COUNTERFEITERS CAUGHT

COLUMBUS, Oct. 12.—(AP)—The arrest of 12 men broke up a ring printing and selling counterfeit tickets to Ohio State football games, Detective Chief Leo Phillips said. Ten of the men were arrested near the stadium at Saturday's game with Southern California, the other two yesterday.

## DON'T WORRY ABOUT MORALE American Soldiers Can Take It

(EDITOR'S NOTE: Dan de Luce has covered a lot of territory in the last three years; he's been in many countries, seen a lot of war. But in this story he forgets the fighting and tells about United States boys abroad, some of the things they do and the things they see. And he says their morale is swell.)

**By DAN DE LUCE**  
(Wide World News Service)

NEW YORK, Oct. 12.—The United States' longest war route extends 20,000 miles from little old New York to little old Chungking. You can fly every inch of the way with American wings. At every stop, you can eat American chow, drink American soda pop, smoke American cigarettes, and yarn with American boys.

The American in khaki is a common sight whether its in a clearing on the edge of Brazilian jungles, a grass-hut village of Black Hausa tribesmen in the middle of Africa, a mud-walled Bazaar under the Arabic sun, a cantonment at the foot of the Himalayas, or a ferryboat crossing the Yangtze.

Young America abroad in South America, Africa and Asia is getting a liberal education, and paying for it, of course, in various ways. Khartoum has become as familiar as Kansas. Tel Aviv's pleasures are found to rival those of Atlantic City. Karachi is desolate, but

## New Wave of Sabotage Looms After Norway's Terror Reign

### TOO MUCH OF A GOOD THING!

Just to prove that there can be such a thing as too much wheat, here is a photo of a grain elevator at Kiowa, Kan., which was so well filled with the golden grain that the sides split, spilling 7,000 bushels of wheat over the railroad tracks. A record crop, coupled with transportation difficulties, has taxed Kansas' storage facilities.

## NAZI KILLINGS AROUSE PEOPLE

**34 Hostages Put To Death  
Before 'Emergency' Laws  
Lifted by Hitler**

LONDON, Oct. 12.—(AP)—Fresh outbreaks of sabotage in Occupied Norway were predicted by Norwegian circles here today as the Germans listed a state of emergency they imposed in the Trondheim area last Tuesday after executing 34 alleged saboteurs and hostages.

Far from stamping out rebellion, these circles said, the strong measures taken by the Germans probably will serve only to provoke new outbreaks.

The Moscow radio broadcast reports from Oslo today that Jonas Lie had been dismissed as Norwegian chief of police and that Major Vidkun Quisling had taken personal charge of the civil police.

"Undoubtedly," one source who must remain anonymous declared, "the Germans have aroused some of the Norwegians in the Trondheim area who have been passive heretofore."

Actually, it was said, the lifting of the state of emergency will mean little because of the normal restraints imposed on the Norwegian population by occupation authorities.

The Germans were reported to have arrested 1,000 or more Norwegians during the past few days.

A picture of the gradual deterioration of the morale of German occupation forces in Belgium was painted meanwhile by Antoine Delfosse, minister of justice and information in the Belgian government in Exile, who recently escaped to Britain.

Delfosse maintained that Germany is on the verge of collapse on the military and home fronts and said it now is only a question of how long she can last.

Belgians, he declared, can "notice evident signs of slow German disintegration which are the precursors of the final debacle."

"The German soldier, formerly so smart and alert, is dull and dejected and complains only about the unexpected length of the war, the end of which he cannot see," he said. "Germany is on the eve of collapse."

Except for the coastal regions, the army of occupation in Belgium now is composed of "old and tired soldiers," whose equipment is much reduced in quantity and quality, the minister said.

He added that German soldiers on leave from the Russian front have a real terror of being sent back and desertions are increasing.

A WEST COAST PORT, Oct. 12.—(AP)—A Japanese submarine operating in the gloom of an October night, sank a coastwise tanker, killing six of the 44 men on board, the Navy disclosed. All of the 38 other men were saved. The sinking was the first off the Pacific Coast announced since June. It was the eleventh reported submarine attack in West Coast waters, and the fifth sinking.

### WAR'S TREND TURNING, TIP

**Nazis Shift Attack Toward  
Caucasus Oil Fields;  
JAP BASES BLASTED**

**By CLYDE A. FARNsworth**  
(By The Associated Press)

At the end of seven weeks of terrific attack and epic defense, the indomitable defenders have forced the Germans by the sheer tax on flesh and blood to halt mass troops assaults on that ruined but strategically valuable city.

With signs of a great defensive victory emerging, the Russians themselves reported capture of "advantageous positions" in their flanking action northwest of Stalingrad—to the further peril of the immobile Germans—as well as gains by counter-attack in the Mzodok area of the Caucasus.

Adolf Hitler's time table for 1942 seems to have been beautifully scrambled.

With a mixture of belligerence and confidence in the future, Prime Minister Churchill told an Edinburgh audience today that Russia, China, the United States and Britain were moving "steadily onward from strength to strength" while Hitler's "prospects have darkened to an immeasurable degree."

**War's Trend Turning**  
Churchill pictured August and September as months of great strategic developments in the Allies' favor:

1.—They were "the least bad months" of the year for Allied shipping losses, he said, and new construction outweighs the German U-boat successes.

2.—They "marked the definite growth of Allied war superiority" with the RAF droppings its "greatest tonnage" of bombs on Germany.

3.—They brought "the most numerous safe arrivals of U. S. troops in the British Isles."

**Terrible Atrocities**  
Charging Hitler with committing terrible atrocities against the peoples of conquered Europe, Churchill declared that "in the first day he entered Kiev he shot 54,000 persons."

"To show weakness of any kind to such a man," the prime minister added, "is only to encourage further atrocities and you

## DECREASED INCOME CUTS OHIO SURPLUS

**\$59,480,315 Given to Local  
Subdivisions of State**

COLUMBUS, Oct. 12.—(AP)—Falling tax returns plus increased operation costs probably will cut Ohio's 1942 treasury surplus to about half the \$13,218,018 accumulated during 1941, Finance Director H. R. Defenbacher indicated today in a report for the year ended last December 31.

He said the state actually had a cash balance of \$19,484,534 last year, but from this \$6,266,336 was deducted for liquidation of the school foundation deficit. Gov. John W. Bricker's recent assertion that the 1941-42 biennium surplus would approximate \$20,000,000 meant, then, that Ohio would collect between \$6,000,000 and \$7,000,000 in surplus dollars during this year.

Much of this decrease was expected to result from declining sales tax returns, Defenbacher said. This contributed \$61,793,102 to last year's total tax yield of \$365,418,360, but the levy now is \$6,000,000 under receipts for the comparable period a year ago.

Last year's total expenditures amounted to \$340,101,423, excluding reserves. The largest of these was \$59,480,315 to local governments as their share of the sales tax and \$53,277,947 to support of schools.

## Farm Subsidy May Be Turned Into Reverse

**Benefit Payments Used in Past To Discourage Excess  
Production, Now Considered for Stimulating Largest  
Possible Output for War Needs**

**By OVID A. MARTIN**

WASHINGTON, Oct. 12.—(AP)—Farm benefit payments used in the past largely to discourage excess crop production, may be employed next year to obtain the largest possible food output for war needs.

A new production-inducement role is cast for the payments in plans being made by the Agriculture Department for its 1943 "Food-for-Freedom" program.

## FARM INCOME NEAR RECORD IN SPITE OF CURBS

**Hopes of Zooming Prices as  
In Case of First World  
War Go Glimmering**

**By FRANKLIN MULLIN**  
CHICAGO, Oct. 12.—(AP)—

Farmers' hopes of once again seeing high prices such as they received for produce during the last war and post-war period had glimmered into virtual extinction today as a result of inflation control.

Although no actual price ceilings have been placed on many major farm commodities, the government has power to do so and already has moved vigorously to limit farm prices indirectly through control of processed foods.

Thus, farmers can see as possible limits for their grain prices quotations equal to less than half those reached a quarter century ago. Livestock ceilings may be anywhere from \$4 to \$8 per hundredweight lower. Butter and eggs likewise will be sharply lower.

Actually, an emergency ruling for ceilings on such foods as flour, dairy products and eggs had had the effect of limiting prices of unprocessed farm products below levels prescribed by the law, market experts here said.

This does not mean that the first attempt in history to halt the rise of prices of the nation's major industry will leave farm income to suffer. In fact, partly through greater production, 1942 cash income from marketings and government payments may be near \$15,000,000,000, topping the previous record of \$14,600,000,000 in 1919 and another billion dollars may be added in 1943.

Even though they will be far short of first World War peaks, farm prices which the government has been empowered to fix as ceilings are around the best general level in years. Theoretically, ceilings which can be imposed will be no lower than parity or peaks up to September 15 this year.

## MANPOWER AND DRAFT TO BE DISCUSSED BY PRESIDENT OVER RADIO

WASHINGTON, Oct. 12.—(AP)—The White House indicated today that a presidential fireside chat tonight would touch the issues of a second front and the drafting of young men of 18 and 19 for the armed forces.

President Roosevelt gave over most of the day to finishing the address, scheduling only one conference. Significantly, that was with Paul V. McNutt, in charge of war manpower mobilization, and with Brig. Gen. Lewis B. Hershey, selective service director.

## SOLDIER DOOMED TO DIE FOR RAPING LITTLE GIRL

TUCSON, Ariz., Oct. 12.—(AP)—Pvt. Francis A. Lines, of Detroit, convicted by a general court martial of raping a 12-year-old girl, is under sentence to hang for the crime, the first American soldier to be sentenced to death in Continental United States since the start of the war.

## BIG RUN OF HOGS 'BREAKS' MARKETS

CHICAGO, Oct. 12.—(AP)—A big run of hogs at the nation's livestock markets today, which livestock experts said foreshadowed the record breaking supply to be marketed this fall and winter, caused a sharp price break that shaved millions of dollars from the value of droves now on farms.

# Joe Louis Says His 'Fightin' Days are Over'

**By SID FEDER**  
NEW YORK, Oct. 12.—(AP)—Unless Joe Louis changes his mind—or Uncle Sam changes it for him—the greatest fistic career of this era is ended.  
The quiet, simple colored boy who skyrocketed out of an Alabama cotton patch into such fistic fame that many experts rank him as the greatest fighter of all time, paused in Omaha yesterday to say casually that his "fightin' days are over."  
"By the time this was over," he reckoned, "I'll be in my 30's, and that's too old for a fighter. I'm too old for it now."  
"X'know, I really don't care much any more about going back into the ring."  
Of course, it would all change if the War Department decides to let Joe, he's a sergeant now, out to toss his bombs again. But the Army already has turned thumbs down on one fight for the bomber—his eagerly-looked-for return go with Corporal Billy Conn.  
"I'll do anything the Army asks," Joe said. "I'm in the Army now and they're taking care of my plans."  
Naturally, Joe could change his mind. He wouldn't be the first champion who couldn't get the "rosin out of his blood." But as matters stand now the bomber, at 28, is giving up a reign that already has netted purses of more than \$2,000,000 and has broken all records for successful defenses of the fight game's most prized bauble. He has turned back 21 challenges since he won the crown from old rough-and-ready Jim Braddock back in 1937, and no champ ever came within shouting distance to that mark.

Louis' statement was made to Associated Press staff reporter David Kaufman.  
Although it was known for some three years that the ring had lost its zest for him, it came as a complete surprise, even to his closest associates—men like Promoter Mike Jacobs, who has put on every Louis fight since he first hit the "big apple" back in 1935, and to John Roxborough, who with Julian Black, piloted him out of the amateurs, through the \$50-a-bout preliminary days and into the million-dollar-gate stages.

## -Spying- On Sports

By Hugh Fullerton, Jr.

NEW YORK, Oct. 12.—You probably can get a fresh idea on baseball's future from every guy in the business, but here's one angle that's brand new to us—relayed from a minor league club owner by Lawrence Skiddy of the Syracuse Herald-Journal. . . . The owner figures that any effort to shorten the season would wreck the minors. . . . Double-A players, he points out, get an average of about \$2,000 for a 20-week season or \$100 a week. . . . Cut three weeks off that and they'd get only \$1,700—because without those Sunday doubleheaders the owners couldn't afford to pay as much as they would for a full season. . . . The result would be that most players would be sticking to their factory jobs, which pay almost that much the year round.

**Scrap Collection**  
The Southern Conference again has turned down the proposal that freshmen be allowed to play varsity football, but we'll bet it wasn't the coaches who did it. . . . The National Hockey League is taking plenty of chances on transportation troubles with its schedule, calling for frequent appearances of teams in Montreal and Toronto Saturday nights and in Boston, New York or Detroit on Sunday. Bill Keefe of the New Orleans Times Picayune points out that the big problems in football from now on will be training and coaches—railroad training and day coaches.

**Postponed Payoff**  
When Chief Bender, the old Athletics' pitcher, made his pro baseball debut in Dillsworth, Pa., 41 years ago he was promised \$5 for his day's work. . . . The locals passed the hat and dumped the coins in Bender's hands, and when he counted the pennies and nickels the sum was \$1.80 short. . . . That's the way it stood until a couple of weeks ago. . . . Then William Sheffer read about the occasion in a Philadelphia paper, and to clear his home town's reputation he took up another collection to pay off the Chief.

**Service Dept.**  
Soldiers who are traveling with the army war show have organized a football team to fill their spare time (if any) and would like to scrimmage Bernie Bierman's navy cadets when they're in that vicinity. . . . Pvt. Bill Scanlan, sports columnist of the Fort Sheridan, Ill., Tower, figures that the cancellation of the Louis-Conn fight was all for the best. . . . "It would have been too confusing trying to mix fighting with the World Series," he writes. "And both of them got promotions in rank and neither one got hurt."

## FORMER WASHINGTON C. H. BOY NOW TACKLE ON BUCK SQUAD; BROTHER PILOT IN AIR CORPS

A big blonde husky who as a cherub-faced little boy went to school in Washington C. H. with his father and brothers and sisters nearly 20 years ago today is on his way to becoming one of the important cogs in the sensational Ohio State football machine and friends of the family here are taking renewed interest in gridiron affairs.  
Jimmy Reese, one of the sons of Mr. and Mrs. Harry Reese, has been in the focus of Washington C. H. fans this year as the Buck gridders go barging along on one of the toughest schedules in history. Jimmy was just a kid when his father was superintendent of the Washington C. H. schools but he was one of those youngsters not easily forgotten.  
The Reeses now live in Greenville but they make the trip to Columbus whenever there's a football game there. When the Bucks play away from home they have their ears glued to the radio. The whole family is one great big football fan now.  
Jimmy, now weighing nearly 200 pounds, is a tackle on the Buck squad. This is his first year in big time football but he's off to a good start. He was in the Indiana game much of the time and gave and took a lot of bumps in the game with the Trojans from Southern California last Saturday.  
And, along with the rest of the family in the huge horse-

### Not a Single Breather Ahead of Ohio's Bucks

**By FRITZ HOWELL**  
COLUMBUS, Oct. 12.—(AP)—Coach Paul E. Brown of Ohio State's battling bucks took a look today at Saturday's football scores amassed by his future foes, and then declared:  
"It looks like we won't have time to catch our breath the rest of the way."  
Here are the scores which worried him:  
Purdue 7, Northwestern 6.  
Wisconsin 17, Missouri 9.  
Great Lakes 7, Pittsburgh 6.  
Illinois 20, Minnesota 13.  
Iowa Naval Cadets 26, Michigan 14.  
During the next seven week-ends, Ohio State takes 'em in this order—Purdue, Northwestern, Wisconsin, Pittsburgh, Illinois, Michigan and Iowa Naval Cadets.  
"Just try to find a breather anywhere in that list," Brown moaned. "Any of 'em is liable to knock us over, and the chances are a few of them will."  
The Buckeye tutor admitted his boys "looked pretty good" in defeating Southern California, 23 to 12 Saturday, running their three-victory scoring total to 119 against 33 for the foe. He declared, however, that the loss of sophomore end, Dante Lavelli, who suffered a wrenched knee, would be felt in future contests.  
"We had a hunch Purdue wouldn't be too tough, after losing its first two games," Brown said, "but that win over Northwestern makes it a lot different."  
"I doubt if I get a good night's sleep from now until the season is over."

### Chance of Hunters To Get in War Effort

What sounds like a very meritorious suggestion in connection with salvaging a considerable amount of a metal much needed by the government in its war work, was made by Chalmers Burns.  
In a letter to the Fayette County Civilian Defense Council he calls attention to the fact that the brass and copper to be obtained from empty shot-gun shells in Fayette County alone would be a huge item annually in the salvage program. He also has indicated in his talks to members of the Defense Council that he is willing to help work out a program to collect these shells. The Defense Council has indicated its interest in the project and has announced that plans along this line probably will soon be put into motion through Maynard Craig, chairman of the county salvage committee.  
The letter to the defense council from Burns, setting forth the idea and what it would mean, follows:  
"Being interested in the salvage metal drive now being carried on throughout the country, I believe a seemingly trivial metal that is very essential to our war effort is being neglected; namely, the brass on the base of paper shot-gun shells.  
"Yesterday I contacted Chairman Ducey relative to this matter, and he was interested enough to have me submit some facts and figures that I obtained from five dealers here in Washington C. H.  
"About 125,000 of 12 gauge shells are sold by these five dealers contacted, annually. It is believed that only about 10 percent are sold in other stores and outlying towns; so with this in mind, along with the estimated 25,000 brought into the county that are purchased somewhere else, a total of about 150,000 shells are used here and about 75 percent of these are of the high-brass type. This does not include the 16, 20 and 410 gauge shells used, which would number in the thousands.  
"These bases are made from a very high grade of brass with a copper primer. In a box of 25 of the high-brass variety 12-gauge, the bases, exclusive of the paper, weighs 5 and 8-10 ounces, the short brass shell bases weight only 3 and 1-3 ounces per box of 25 shells.  
"I believe, counting the 16, 20 and 410 gauge shells, used in addition to the 12 gauge, a total of over 11,300 pounds of brass, potentially is available annually, here.  
"Of course, this fall, these figures would not be correct since many hunters have their hunting supply already purchased, but by a little education, these hunters would save "empties" of the shells they shoot and also would pick up shells found in the field and woods and contribute them.  
"I will gladly cooperate in any way possible in this work."

### UNSUNG HEROES OF FOOTBALL BEGIN TO SHINE AS GUARDS COME UP WITH TOUCHDOWNS

CHICAGO, Oct. 12.—(AP)—Some queer things are going on in the Western Conference. Guards—the players names you don't know—are winning ball games.  
A couple of them you'll remember, though. Take Alex Agase, Illinois' aggressive Assyrian. He was the bottom man in an end zone dogpile, coming up with the ball from a mad scramble for a touchdown. He was the man who later grabbed the ball from William Daley and lumbered 35 yards for another touchdown.  
Alexander Truly was the hero when Minnesota crumbled into a 20 to 13 defeat, its first in 13 conference games.  
A week ago, you'll remember, another guard, bench-warmer Allan Pick, kicked a field goal to give Northwestern a 3-0 verdict over Texas. Pick's kick against Purdue last week didn't have much of a chance, for Barry French, a tackle, slapped the ball aside, thus saving a 7 to 6 victory for the Boilermakers.  
French will be remembered for a long time.

### Passes Count As Pro Teams Give Thrills

CHICAGO, Oct. 12.—(AP)—The national football league has found that the shortest distance to the promised land is as the crow flies—or through the air.  
Of 28 touchdowns made by the 10 pro teams yesterday, 17 mushroomed from passes. Virtually all others were set up by the same method.  
Those national champions, the Chicago Bears, remained the only undefeated team in the league, bating the Cardinals, 41 to 14.  
The unbeaten Brooklyn Dodgers were nailed 7 to 0 by the Pittsburgh Steelers. The Washington Redskins crushed the Cleveland Rams 33 to 14, the New York Giants whipped Philadelphia 35 to 17, and the Green Bay Packers stopped Detroit 38 to 8.  
"A lot of kids won't get to play college football at all, if they don't play as freshmen. The war will sidetrack many of them."  
"And I think football is the finest soldier-conditioning sport of them all. It gives a fellow the stamina to carry on when the odds are against him; and it dissolves his fear of body contact."

## WHS Band Gets Set To go to Hillsboro Next Friday Evening

All hepped up and plenty of places to go—if they can find transportation—members of the WHS band today had their fingers crossed and dodged black cats while they hoped they could arrange to get to Hillsboro next Friday night to strut their stuff again to entertain the crowd and lend their moral support to the Blue Lion Football team when it goes prowling into the Lion camp in search of its third SCL loop victory.  
And, the outlook is not too dark—but there's no telling what will happen on short notice in these times of war and few tires.  
Just the same, the band is all set to drill and drill the next few days to polish up the routine that has won it such wide acclaim.  
Last Friday the snappy ensemble, in blue and white uniform, put on another of its spectacular shows for the 3,000-odd fans at the game between the Lions and Greenfield's Tigers here with Paul E. Fitzwater directing.  
The 50 piece group, which marched across the field as a single unit played before the game and at the half.  
Before the game started the band marched onto the field in the form of a "V," playing "America." About half way across the field they stopped and played the "Star Spangled Banner" and then continued across the field to the tune of "Go Washington," a song composed by Fitzwater which is used at all pep meetings.  
During the period at the half, the band went through an intricate routine in the middle of the field and then continued to the end where it turned around and returned. On their return the members danced to the tune of "The Old Gray Mare." This dance was done at the Wilmington game last week but was given again because of the many requests for it. After the dance the band made an "M" for McClain in front of the Greenfield stands and then made a "W" in front of the Washington C. H. stands. The "Alma Mater" was played in front of the stands.

## Three Stars Share Honors For Scoring

NEW YORK, Oct. 12.—(AP)—Three players, including all-America Frankie Sinkwich of Georgia, share the lead among the nation's football scorers as the season nears its halfway point.  
Others of the top-ranking trio are Lee Tevis of Washington University at St. Louis and Ralph LaPointe of Vermont. Each has scored 42 points.  
The performance of La Pointe outranks those of the other two, however, since he has appeared in only three games while the others have played four each. In addition, the Vermont halfback was on the losing team in two of the three contests, one of which was a 70-13 rout at the hands of Rhode Island state.  
Andy Victor of the Citadel, Gene Fekete of Ohio State and Bob Steuber of Missouri are only three points behind the leaders with 39 each.

**ARMCO TEAM WINS**  
MIDDLETOWN, Oct. 12.—(AP)—The Armco Steelmakers won the Indiana-Ohio baseball league championship with a 9-2 defeat over LaFayette, Ind., to capture the series three games to two.

## BUY MORE WAR BONDS!

There is a great deal of talk at this time concerning proposals for enforced purchasing of War Bonds. Some such plan as this may become inevitable under any circumstances. And it is certain to be adopted in the relatively near future unless the people substantially increase their voluntary purchasing of Bonds and Stamps.

The Treasury some time ago established a goal of \$1,000,000,000 worth of Bond and Stamp sales monthly. That goal has not been reached. It must be reached and passed if the war is to be properly financed, and if excess purchasing power, the creator of inflation, is to be reduced.

American business has responded superbly to the War Savings challenge. The banks, for example, long ago started stressing War Bonds in their advertising and in displays. They have done everything in their power to encourage the public to buy, and they have paid out of their own pockets the heavy promotion costs.

A similar work on a nation-wide scale is being done by retailers. The chains were the pioneers, and thousands of independent stores have joined in. Retailers are making special efforts to increase the sales of Stamps as well as Bonds, and they have been notably successful. A very high percentage of all War Savings are made through stores today. In their case, as with the banks, the participating stores are paying all the expenses, and they are promoting Stamps and Bonds in every possible way.

The public has responded fairly well to these drives—but not well enough. In these days, when wages are at record levels and almost any man or woman can quickly obtain a good job, all of us can afford our change in Stamps when we shop in stores. All of us can afford to buy one or more Bonds each pay day. Certainly giving up some luxuries is a mighty small price to pay to help the war effort along. The duty of every American is plain—to cut his personal expenditures severely, and to put the money into War Savings. Remember that next time you go to a bank or to a retail store featuring Bonds and Stamps.

No more special trains now for sporting events. The government has "frozen" railway passenger trains. No more special cars or trains for any kind of private use, even ball teams and orchestras. Athletes and artists must take their chances for seats and sleepers like ordinary people.

## Washington at a Glance

By Charles P. Stewart

WASHINGTON — Latin America's journalistic invasion of the United States, arranged by Inter-American Co-ordinator Nelson Rockefeller during his recent tour of our southern neighbors' capitals, promises to do more toward unifying the western hemisphere's various population groups than official diplomacy ever yet has succeeded in accomplishing.

Formal diplomacy is all right but it doesn't get much publicity. A few foreign office heads and ambassadors' representatives are familiar with its details, but they're not of a sort to have any considerable interest to the average individual.

Professional negotiators are too technical. These visiting newspapermen will write up their experiences for the home folk and put plenty of popular ginger into their stuff, for they'll have a corking good time here, it's safe betting. They'll be guests of the national Press club, which can be depended on to glad-hand em enthusiastically.

They'll number, all told, close to 100, hailing from 19 of the 21 Pan American. We Yankees are the twentieth, and the delegation from Chile, the twenty-first of the collection, has been here already. The rest will be strung along in parties of a dozen or so at a time, to enable us to absorb 'em gradually.

Chance for Missionary Work. There are, as we know, several of the Latin Americans aligned with us now against the Axis, and the rest of at least have broken

relations with the Axis powers, excepting only Argentina and Chile. Chile is friendly to us, but is apprehensive of Japanese air raids on its coast, unless we guarantee it protection, a subject we'll need to discuss with its scribes while here with us. Argentina also generally is anti-Axis, but its President Castillo, for some reason, has a strong neutrality complex. This'll be a first-class opportunity for a good bit of missionary work to counter-act it.

Now, the next thing for us to do is arrange to return that Latin newspaper's visit as speedily and thoroughly as possible.

The Latin-American press takes to our journalistic style, provided it's properly adapted to its requirements. It chances that, when we entered the last war, I was a sojourner in Buenos Aires, as a Yankee correspondent, with a news alliance with one of the city's leading dailies, La Nacion. Being conveniently present, I was conscripted by the U. S. Committee on Public Information (the "Compub") to handle its service (I hate to call it propaganda) to the South American trans-continental area, from Cape Horn up to the Amazon. The papers not only fell for the stuff, they hollered for it.

The armistice being signed and the Compub abolished, they ceased getting the service, but they expressed regret at the loss of it.

It wasn't an overly opportune thing to be established, for we "Yanquers" weren't nationally in very good Latin American stand-

ing just then. Neither was I a particularly appropriate editor of the stuff, since my linguistic Spanish was puny; I had to have every word translated. Now, with Good Neighborliness prevailing, would be a far more favorable opportunity.

A Norte Americano, to make a Latin hit, has got to be what's locally known as simpatico. Darned if I don't think I was simpatico. I had a Latin-American baby daughter; I rated darned nearly as a native.

**Native Farm Flopped**  
The Compub having blown up, I tried, for a while, to run an Argentine farm, but naturally it went floozy, inasmuch as I hadn't the sense even to run a vegetable garden. Then I ran a Buenos Aires weekly English-language newspaper (The River Plate American).

But, as previously suggested, it was too soon for Inter-American business to have developed, my Yankee advertising patronage petered out and the thing was an ultimate fizzle. It didn't bust even then, though. I sold it, and was flummoxed out of my share of the price by a fellow Norte Americano; they're more crooked, on an average, than the new world Latins.

Well, the nub's this: We newspapermen are the most civilized folk ever invented. Nelson Rockefeller has got the correct system.

He needs to make it work both ways, though.

It's essential for us to understand those boys as it is to have them understand us

## Flashes of Life

Dog Drafter Subs for Lamed Master  
PELHAM, N. Y.—Robert Milan, 21, couldn't go to war, for two years ago he injured his hip in a football game, the joint became affected, and he now walks only with difficulty.

So Milan did the next best thing. He offered his three-year-old Irish setter, Brian Boru, as his substitute.

Dogs for Defense, Inc., is now training the setter for war work.

Chamber of Commerce Asks People Leave City  
STOCKTON, Calif.—The unusual spectacle of a California Chamber of Commerce asking well-to-do people to leave its city is in prospect here. The local civic body is considering easing out "non-essential" persons to make room for Army personnel. Those affected would be residents of independent means who could live elsewhere.

## Hints on Etiquette

When you ask a friend to deliver a written message you should leave it unsealed. The one who delivers the message may himself seal it. In one corner of the envelope which contains the message should be written, "Kindness of—," giving the bearer's name.

## Today's Horoscope

Persons who have birthdays today have lofty ideals, great enthusiasm and are diligent in effort. They are courageous. Failure merely spurs them to greater effort. They have executive ability. Substantial benefits, probably through inheritance, are prophesied for them in the next year, but they should guard against loss through law or extravagance. Love, domestic and social affairs are of good augury. Fortunate in many ways will the child be who is born on this date, and will enjoy good health and much happiness. Care as to documents will be advisable, and extravagance should be watched.

## One-Minute Test Answers

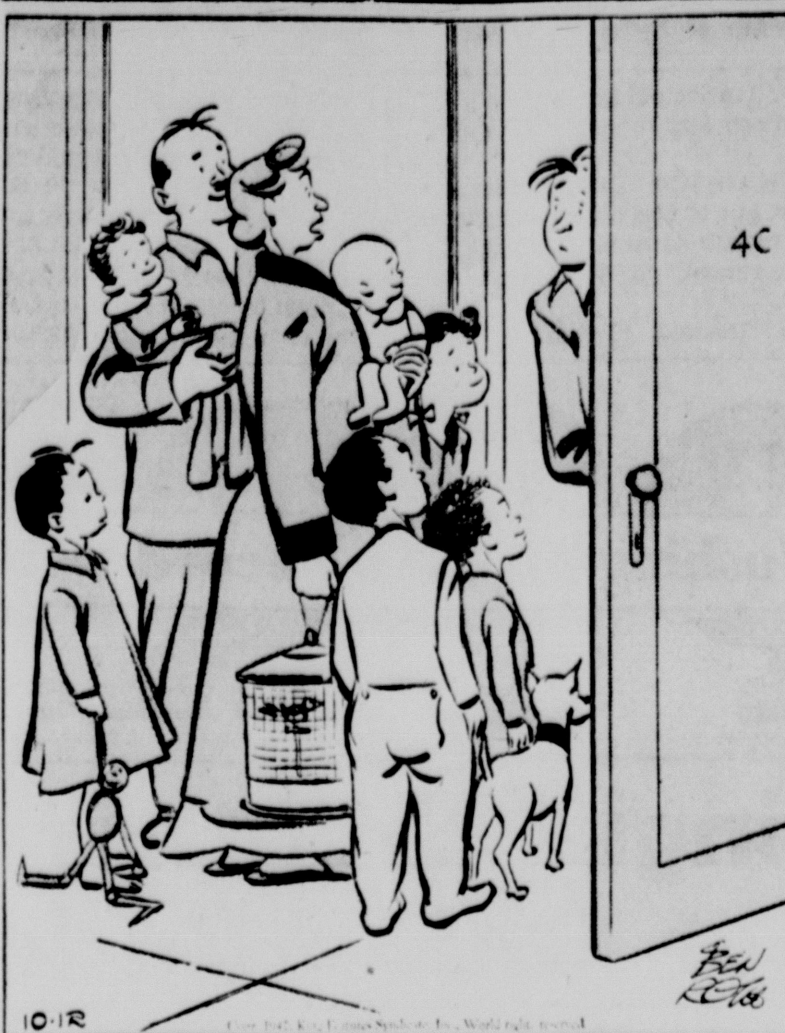

1. It is something to be eaten.
2. Pershing, Marshall and MacArthur.
3. St. Luke.

Circus trains will need special permits. Passenger trains will be reduced to the barest necessities of public transportation. There may be relief occasionally in air transport, for people really in a hurry, but that is not to be counted on.

Obviously Uncle Sam is stripping for action. At last the national and world situation is treated with complete seriousness in the realm of public transportation. And the same hard facts of the times are also being impressed on private transportation. Individuals, too, often reluctantly but with a sense of patriotic realism, are stripping for action. People are going to work harder and longer. They are also going to go on shorter rations. Rationing of some things has already begun.

Thus at last a soft and smug nation grows realistic. The way of the next few years is the hard way. This is not really a nation of softies. It will be good for us. We shall like the Spartan life when we get used to it.

## Difficult To Correct Deformities of Newborn

By LOGAN CLENDENING, M. D.

ALL CONGENITAL deformities should be treated as soon after birth as possible. I do not mean that surgical or other corrective treatment of a radical nature need be started in the first week of life, but I do mean that as soon as the deformity is recognized or even

Dr. Clendening will answer questions of general interest only, and then only through his column.

suspected a medical practitioner in whom the family has complete confidence, and who has had experience in this field, should be selected, should be called to see the baby, and after examination should have the privilege of mapping a plan or campaign.

I say "a practitioner in whom the family has complete confidence" because most congenital deformities cannot be corrected by a single brilliant stroke; it is usually a matter of many repeated maneuvers extending over a period of at least a year, and perhaps several years; a period which requires patience and courage on the part of parents and doctor, and complete confidence.

## Hard To Convince

A tragic aspect of these conditions is that it is often so hard to convince the parents that the baby has a deformity. The eye is a little off center, perhaps, but then Grandma says all babies are like that at first. The baby isn't able to nurse, the milk comes back through its nose, but it couldn't be left palate. Uncle Ned says he remembers father was like that when he was a baby. It is comforting to believe Grandma and Uncle Ned, but not good for the adult life of the baby.

In none is it so likely to be true as in the deformities of the foot. The baby can't stand, so no one can see actually how the foot looks in action, and then babies' feet are so funny anyway—the soles face each other, and all that. So many precious months are wasted, while the tissues are getting tougher and tougher and harder and harder to replace in the normal position.

The foot deformities of the newborn, as well as those of the older child, are the result of contractures holding a section of the foot

in a position which is a part of its usual range of normal motion.

## Abnormal Conditions

Thus the foot may be held with the toe end down so that the heel can never be placed flat on the floor. This is obviously due to a shortening of the tough tendon that goes from the back of the heel into the calf.

Clubfoot is a fixation of the foot in the position where the toes are looking at the instep of the other foot. It is a perfectly normal position within the normal range of motion of the foot, but, of course, not normal if held there by bands of tendons and connective tissue which will not allow it to swing back through the rest of its normal range.

Nobody knows exactly the cause of these contractures. Best guess is that before birth the child's body gets in a position where the foot is held against some other part of the body until contracture results.

Treatment is by slow stretching of the foot tissues in the line of normal joint motion. For this a cast and stretching manipulations are used before the child has learned to walk, and special shoes which stretch the adhesive bands when walking begins.

## QUESTIONS AND ANSWERS

V. F. S.—What are the first definite symptoms of tuberculosis, and if caught early, can it be cured by home treatments?

Answer: Fatigue, afternoon fever, underweight, frequent catching of colds, spitting of blood. Most early cases get well under home treatment.

F. H. S.—I have a child who is tongue-tied. Would you recommend its being clipped, or will it wear itself out?

Answer: Unless it interferes with eating and sucking it is the modern idea to leave tongue-tie alone.

## Alberta Ruth Backenstoe Is October Bride of Sgt. Robert M. Dempsey

In an informal wedding performed in St. Colman's Church Saturday morning, October 10 at eight o'clock, Miss Alberta Ruth Backenstoe, daughter of Mr. and Mrs. Albert Backenstoe, became the bride of Sgt. Robert Michael Dempsey, son of Mr. and Mrs. M. L. Dempsey. Rev. Father Raphael D. Rodger read the nuptial mass at eight o'clock.

Miss Margaret McDonald was at the organ for the processional and recessional, and accompanied Mrs. Richard R. Jacobs who sang beautifully two wedding hymns "The Communion" and "Ave Maria."

The radiant bride, given in marriage by her father, was dressed in white velvet corduroy suit with brown accessories. She wore an orchid corsage and carried a white golf bag. For something borrowed, she wore her mother's sapphire pin, and carried an heirloom handkerchief belonging to the Gingham family.

Miss Mary Ellen Gine was maid of honor for her close friend, and was dressed in a brown velvet and tweed suit with brown accessories. She wore a corsage of talisman roses and rust colored mums.

Mr. Paul Munchell served Sgt. Dempsey as best man.

Mrs. Backenstoe had selected for her daughter's marriage a gown of brown with a corsage of talisman roses. The groom's mother looked lovely in an ensemble of blue, with a pink rosebud corsage.

At noon Mr. and Mrs. Frank Beck entertained with a luncheon for the young couple and included the relatives of the bride and groom. The dining table was centered with a miniature bride and groom surrounded with numerous white rosebuds. A tiered wedding cake, prettily decorated, was at one end of the table.

Admired a shower of rice, confetti and good wishes, the young couple left for a short wedding trip.

Those who were included with Mr. and Mrs. Beck, and the new Mr. and Mrs. Dempsey for the luncheon were Mr. and Mrs. Backenstoe, Mr. and Mrs. Dempsey, Miss Gine, Father Rodgers, Mr. and Mrs. Paul Munchell, of Cincinnati, Mr. and Mrs. Hughey Backenstoe, Mrs. Enzio Lamb, Mr. and Mrs. Fred Hickman of Columbus, and Mr. Adam Beck.

### True Blue Class

Mr. and Mrs. Alvin Armbrust were very congenial host and hostess when they entertained the Sugar Grove True Blue Class for the regular October meeting and a masquerade party.

The vice-president, Lawrence Black, conducted the business meeting.

Prizes were presented to Kitty and Jetty Armbrust and John Merritt for the best and most comical dress.

Games and contests were played during the remainder of the evening, with the serving of refreshments at a late hour bringing the gay affair to a close.

### Sunday School Class

A very enjoyable affair was the potluck supper which the members of John Leland's Sunday School Class of Grace Church held Saturday night at the home of Mr. and Mrs. W. E. Summers.

The delicious courses were served buffet style from the dining room table which featured pretty Halloween decorations. The evening was spent in visiting together.

### Informal Dinner Party

Mr. and Mrs. Robert A. Craig were hosts to an informal dinner party at their lovely home on Rawling Street, Sunday evening. The guests were confined to a small club group, who meet for these delightful affairs.

The course dinner was served at the dining table where covers were laid for eight and which was perfectly appointed.

Informal visiting was enjoyed during the evening.

### Dinner Guests

Mr. and Mrs. Edward Lee-Carson entertained as their dinner guests on Sunday, Mr. and Mrs. Oscar Glass, of Jamestown; Mr. and Mrs. Lester Dodds and Miss Norma Dodds, of Washington C. H.; and Mr. and Mrs. Richard Carson and son, Marion Mack, Mr. and Mrs. Elby Carson, Mr. J. M. Carson, of near New Martinsburg.

### Surgical Unit Notice

It has been announced that all the materials for the Surgical Unit has been made into dressings, and no work will be done until further notice. An announcement will be made through the Record-Herald when the new shipment of material arrives.

### Forest Shade Grange

The Forest Shade Grange will meet Tuesday evening at eight o'clock at the New Martinsburg Grange Hall for potluck supper and the Jeffersonville Grange will put on the program.

## Spring Grove WSCS Met with Mrs. Parrett

Mrs. Gale Parrett very charmingly entertained the Spring Grove WSCS at her lovely country home, and had made most hospitable plans for the afternoon affair.

Eight members and three guests, Mrs. Auburn Duff, Mrs. Fred Simerl, and Mrs. Mabel Parrett, were present for the pleasurable occasion, and enjoyed the happy time in the comfortable home where gorgeous arrangements of asters had been placed throughout the large rooms.

The president, Mrs. Neal Conner, presided, with the devotionary service by Mrs. Robert Lynch. Mrs. Hugh Creamer was the program leader and had as her topic "One Great Fellowship of Love." The roll call was answered by current news.

During the social hour, delicious refreshments were enjoyed by the society.

It was announced that the November meeting will be "Guest Day," and will be held at the home of Mrs. Homer Kessler with the assisting hostess, Mrs. George Erick, Mrs. Leslie and Miss Emma Parrett.

## Robert E. Willis Entertained with Outdoor Party

Among the week-end entertaining, a very delightful affair was given by Mr. and Mrs. Robert E. Willis at their lovely home on Van Deman Street, on Sunday.

Seven couples were invited at half past one o'clock for a sumptuous covered dish dinner, which was enjoyed on the large lawn of the very attractive home.

The gorgeous October day was ideal for such an affair, and together with the pleasures extended by the gracious host and hostess, combined to make it most enjoyable.

Chairs and tables had been arranged under the tall old oak trees of the home, and a huge blazing fire added to the other delights.

The delicious meal, doubly enjoyed in the outdoors, was one of particularly delicious viands, with everything provided.

Informal visiting during the afternoon and early evening in the perfect setting, were prolonged in the gayety.

## 'Men of Texas' and Murder Mystery At the State Wednesday - Thursday

William Gargan and Margaret Lindsay are featured at the State Theatre in sensational new mystery drama, "A Desperate Chance for Ellery Queen," latest in the crime-fighting series based upon the exploits of fiction's most famous sleuth. Charley Grapewin heads the supporting cast, which includes John Littel, James Burke, Lillian Bond, Noel Madison and Jack LeRue.

As second feature on this great program bad men of Texas! The boldest band that ever rode—rides again! Living again reckless Texas' crimson days of ruthless plunder—renegade rule—gun-smoked glory: "Men of Texas" starring Robert Stack, Brod Crawford, Jackie Cooper and Anne Gwynne. These two new features are to be seen Wednesday and Thursday.

## Billy Shepard Is Honor Guest On Third Birthday

Mrs. William Shepard entertained with a delightfully gay party Saturday afternoon, honoring her small son, Billy, on his third birthday. The guests were invited from 4 til 6 o'clock, during which most pleasurable hospitalities were extended.

After the guest arrived, they were invited to the large and spacious backyard where the tiny tots were given noisemakers, balloons and other favors and joined in happy games. Pictures were taken of the young folks, who posed in cunning antics.

Two tables were perfect in appointments for the serving of party refreshments. The children's table was prettily decorated in a pink and white color scheme. A huge birthday cake, surrounded with tiny flags, formed the centerpiece. Adding to the table pleasures, were the high stools on which the little folks were seated.

The mothers' table was decorated in a yellow theme, with a low water garden of yellow mums flanked by tall tapers, centering the table.

After the hour around the table, the handsome young honor guest opened his gifts and made cunning response.

The guests included were: Mrs. Robert Miller and daughter, Marilyn, Mrs. Darrell Body, and son Donny, Mrs. Ted Wilson and daughters, Diane and Judy, Mrs. Marilyn Riley and children, Billy and Sue, Mrs. Ted Kline and son, Teddy Joe, Mrs. Tom Sites and Mrs. Edith Miller and Miss Gertrude Channell.

**AT STALINGRAD AS MASS ASSAULTS ARE HALTED**  
(Continued from Page One)  
may be assured no weakness will be shown."  
**Nazis Use Big Shells**  
For the third day the Germans and their puppets were largely confined to artillery and air assaults on Stalingrad. The Russian communiqué said that artillery and mortar dueling continued in the immediate Stalingrad area. The Germans actually had won positions inside the Volga city but failed to reach the river.  
The reiterative thump of the German Minenwerfer and the grumble of siege cannon while Axis troops dug in to hold their Stalingrad wedges were nothing like the Fuehrer intended when on September 30 he declared: "We shall take Stalingrad, you may depend on that."  
Even then 15 days had passed since the Germans announced that the battle of Stalingrad had entered its "final phase."  
**German Losses Heavy**  
Typical of the price levied by the Russians on the Germans' mad effort to save the Fuehrer's face at Stalingrad was today's communiqué report that two companies of German troops were wiped out when the Germans attacked the outskirts of a Stalingrad workers' settlement.  
The German action now ranked with the strength of previous mass assaults.  
For the first time in weeks the

## NO SCRAP IN MRS. NELSON'S HOME

Mrs. Donald Nelson, wife of the WPB chieftain, cleans all the metal scrap out of her Glencoe, Ill., home to help in the nation's salvage drive. She is holding part of the iron fence just erected around the Nelson home two years ago.

Stalingrad battle took a second-ary place in the Russian commu-nique—the Germans had been playing it down for days. The Russian communiqué took a broad approach by reporting continuing action on the whole Russian-German front.  
**Hitler After Oil**  
In the Caucasus the Germans still were striving to take the valuable Grozny oil fields southeast of Moxdok, but the Russians reported a counter-stroke with which they disrupted the German offensive and recaptured defense positions.  
The Russians were reported advancing also in the zone southeast of Novorossisk, Black Sea port, which the Germans now hold, storming a town house-ly after the German garrison was surrounded. American-made jeeps were delivering anti-aircraft guns to the Caucasus front.

On the Volga, its commu-nique said, a medium-sized vessel was sunk by shellfire and airmen "con-tinued the destruction of an im-portant railway line east of the River Volga."  
**England Raided**  
The newest developments in the air war include yesterday's daylight forays by the British against targets in northwestern Germany, principally Hannover, and in occupied France. It was the 43rd attack on Hannover, a railway and industrial center of about a half-million population.  
A small number of German raiders made their first night at-tack on Britain since September 26 when they bombed scattered localities on the northeast coast last night, causing some casual-ties and damage.

**War in Africa**  
The war in North Africa re-mained essentially a race between the Axis and the United Nations to build up the striking force and reservoir of supplies neces-sary for an offensive step. De-signed to disrupt the Axis prepa-rations, the Allied air offensive continued.  
The next battle of North Africa promises to be a crucial test of the respective merits of Amer-ican and German arms.  
As for the present land ac-tion, the British reported only patrol activities and Axis reports agreed. In the air, however, heavy bombers attacked Bengasi, Axis Libyan port, on Saturday and Rommel's intermediate sup-ply base, Tybaki, Crete, on Sat-urday night.

**War in Pacific**  
Churchill's Edinburgh speech today was a broad review of the war and included the statement that "the Australians, with their American allies, have made a good advance in New Guinea."  
He referred to the pursuit of Japanese forces which only a few days ago were less than 40 miles from Port Moresby, Allied base on New Guinea's southern shore facing Australia.  
The foe now has been driven

back across New Guinea's moun-tain divide, about 70 miles from Port Moresby. Japanese and in-stallations between their north shore base, Buna, and Kokoda are being repeatedly bombed and machine-gunned from the air.  
Meanwhile, Allied bombers, having laid waste to Rabaul, New Britain, a Japanese base on the island front facing Australia, in two successive night assaults, scored two direct hits on a 10,000-ton Japanese teaplane tender southeast of New Britain on Sun-day. The vessel when last ob-served was motionless and ap-parently severely crippled.  
Twelve planes were visible on the tender's deck when the at-tack was delivered so it was like-ly that the raiders put a crimp in Japanese efforts to bolster the air support for its invasion forces in New Guinea, the Solomons or elsewhere.

**'PLEDGE TO FLAG DAY' IN OHIO IS OCT. 21**  
COLUMBUS, Oct. 12.—(P)—Gov. John W. Bricker today pro-claimed October 21 as "pledge to the flag day" in Ohio.  
Pointing out that Oct. 21 will be the golden anniversary of the "pledge to the flag," Governor Bricker directed the state edu-cation director to plan obser-vances in schools and urged all Ohioans to observe the day by "reaffirming their pledge to Old Glory."

## CAMPBELL LAND SELLS AT TOP PRICE SATURDAY

Brings \$136 an Acre and Indicates Valuations Are Increasing

That land valuations in Fayette County are definitely on the up-grade was demonstrated once more in the public sale of the Lenox Campbell property on the Devalon road, north of this city, when the farm sold for \$136 per acre, Saturday afternoon.

The farm, consisting of good land, has no residence property on it, and as a result the price paid is regarded as exceptionally good.

There were several bidders on the land, and M. W. Eckle was the auctioneer.

Bidding started at \$80 per acre and was spirited until the \$100 mark was passed.

Sales of other land recently have definitely reflected a steady advance in the valuation of farm lands in the community, and it is believed that the peak price has not yet been attained.

## WALTER HERRON HEART VICTIM

Formerly Connected with Midland Grocery Co. In Washington C. H.

A heart attack suffered while attending the Ohio State-Southern California football game at the Ohio Stadium, Saturday afternoon, resulted in the death of Walter L. Herron, 66, former resident of Washington C. H.

He died before an ambulance could remove him to University Hospital.

Mr. Herron was formerly connected with the Midland Grocery Company branch here and resided here for several years, the family having many friends here.

He was connected with the Midland Grocery Company's Columbus branch for many years as well as the time he spent in this city, and retired in 1929.

Mr. Herron was a member of Ala-din Shrine, Columbus.

He is survived by his widow, Mrs. Estella A. Herron, two sons, Lloyd Z., of Athens and James M., of Columbus; a daughter, Mrs. R. M. McClarren, Columbus, and a sister, Mrs. Clara Brower, Columbus. Also by five grandchildren.

Funeral services will be held Tuesday at 10:30 A. M., at the P. E. Rutherford Chapel, Columbus, and burial made in Union Cemetery there.

## MRS. SARAH ESTEP FUNERAL TUESDAY

Resident of Octa Dies Saturday Night

Mrs. Sarah Ellen Estep, 86, died Saturday night at 11:30 at the home of her son, Clarence Estep, at Octa, following a serious illness of three weeks.

Mrs. Estep was a native of Lawrence County, and her husband died in 1939.

She had resided in the Mill-edgeville and Jamestown communities the past 40 years.

Surviving are the following sons and daughters: James Estep, Springfield; Mrs. Minerva Fugate, Mill-edgeville; Louis Estep, New Jasper; John Estep, Middletown; Clarence Estep, Octa and Miss Elva Estep, of Baltimore, Maryland.

Funeral services will be held Tuesday at 2 P. M., at the Mill-edgeville M. E. Church, and burial made in the Mill-edgeville-Plymouth Cemetery.

Friends may call at the home of Clarence Estep until the hour of the funeral.

SERVICES ARE HELD FOR WILLIAM JONES

Funeral services for Joseph William Jones, brother of James Jones, of Washington C. H., who died in the Bobo Rest Home in Greenfield after an eight months' illness, were held Monday afternoon at the Ware Funeral Home in Chillicothe and burial made in the Chillicothe Cemetery.

## COLLECTION OF GARBAGE JOLTED BY WAR DEMAND

Labor Problem May Bring About Changes in Collection Here

W. H. Sullivan, who for the past five years has conducted widespread garbage collection in Washington C. H., is having his problems due to the war, like nearly all other business men.

With Sullivan the chief trouble is in keeping competent labor to carry on the work, and recently he has been so short of help that he has been helping man the trucks in order to maintain the collection as desired.

Able-bodied men of a dependable type are necessary to do the work, and usually seven men are used to carry on the work of removing garbage and refuse in the residential and business areas of the city.

So far Uncle Sam has called nine of Sullivan's workmen into the military service and two of the men are now in England.

Thursday morning another employee enlisted in the U. S. Navy and additional help was found necessary—and hard to get.

If the situation does not change, Sullivan has indicated, it may be found necessary to abandon either the residential or commercial collection, but this will not be done, he points out, unless it is found absolutely necessary due to the shortage of labor. Already one collection weekly has been found necessary instead of twice each week.

The garbage collection has met a long felt need in Washington C. H. and citizens generally are hoping that it can be continued without serious interruption.

Mr. Herron was a member of Ala-din Shrine, Columbus.

He is survived by his widow, Mrs. Estella A. Herron, two sons, Lloyd Z., of Athens and James M., of Columbus; a daughter, Mrs. R. M. McClarren, Columbus, and a sister, Mrs. Clara Brower, Columbus. Also by five grandchildren.

Funeral services will be held Tuesday at 10:30 A. M., at the P. E. Rutherford Chapel, Columbus, and burial made in Union Cemetery there.

## MANY ARRESTS OVER WEEK END

One Driver Arrested for Being Intoxicated at The Wheel

Police made numerous arrests over the weekend, chiefly for intoxication.

John Stephenson, 51, Xenia, taken into custody at 1:30 Sunday morning, was placed in jail on a charge of driving while intoxicated. He deposited a cash bond of \$56.20 and forfeited the bond.

Walter Havens, on a drunk and disorderly charge, comes up for hearing later. He was released on bond.

Robert Sexton, on a reckless operation charge, was fined \$5.

Russell Cass, Springfield, driving without a license, posted \$25 cash bond and forfeited the bond.

## WHS MAGAZINE SALE IS CHAPEL FEATURE

Radio Skit Written by Four Dramatics Class Girls

Script for the chapel program presented by the WHS dramatics class under the direction of Miss Sara Keck was written by Dotty McGinnis, Eleanor Paul, Mary Kay Bush and Patricia Nisley. It was selected from a number submitted by members of the class.

The program opened with the audience singing a "round" with words concerning the sale of magazines. A long drum roll and cymbal crash introduced the Girls' Tripple Trio who sang the theme song of the radio program that was to follow. They were accompanied by Mrs. Paul Fitzwater.

The radio program was a quiz show in which the volunteers from the audience were to answer the questions with the name of a popular magazine. In case the volunteers could not answer the questions they were to take the consequence.

Doris Brandenburg's consequence was to use a telephone on the stage and call some unknown boy in the audience who had the other telephone and ask him for a date. Joe Cullin, an eighth grader, was the boy. Claire McDonald was recorded singing Kalamazoo which was then played back to the audience.

Some of the questions were in the form of a scene performed by members of the dramatics class and several other students. At various times Pat Nisley would hold up cards that said silence or laughter which always brought roars from the audience.

Eugene Heath was the announcer, Dale Tool, the Prof. Quiz, David Ellies the electrician and Donald Riber the sound technician. Other members of the class who assisted in the program were Betty Robinson, Gloria Hoppes and Willa Knisley. They had charge of the scenes.

Funeral services for Mrs. Ulric Acton were held Saturday at 2 P. M. at the Harmony Methodist Church, and were attended by a large number of relatives and friends. Rev. C. L. Thompson was in charge.

Mr. and Mrs. Laris Hard sang the three hymns: "Jesus Savior Pilot Me", "Good Night Here and Good Morning Up There" and "The Last Mile of the Way". Miss Leona Oswald was at the piano.

There were many lovely floral gifts, and these were cared for by Mrs. Naomi Waddell, Mrs. Dicie Handley, Mrs. Sylvia Campbell and Mrs. Ruth Taylor.

Burial was made in the Mill-edgeville Cemetery.

The pallbearers were: Howard LaFollette, Roy Dice, Hugh Campbell, F. E. Hidy, Noel Morris and W. A. Grimm.

## STRIKERS OFFER TO WORK BUT IN ANOTHER PLANT

CLEVELAND, Oct. 12.—(AP)—While continuing their strike at the Steel Improvement & Forge Co., a plant engaged 100 percent on war orders, 200 AFL Unionists agreed "to do our part in the war work."

The strikers unanimously voted to take work in other forge shops and donate earnings to the USO until the dispute with their regular employer is settled, said E. Wayne Patterson, International representative of the men's union—the blacksmiths, drop forgers and helpers.

Funeral services for Sergeant Harold E. LeFever, who was killed in a crash of a flying fortress in South Dakota a few days ago, will be held at the Christian Union Church on Gregg Street, Tuesday afternoon at 2 o'clock, and burial will be made in the Washington C. H. Cemetery.

His body will remain at the residence in Columbus, at 45 West Eleventh Avenue, until shortly before the hour of the funeral.

## DEATH SUMMONS MRS. CAREY DEER

Heart Attack Proves Fatal Saturday Afternoon

Mrs. Alma Deer, 68, widow of the late Carey Deer, died at her home, 553 Leesburg Avenue, Saturday afternoon at 2:50 o'clock, following an illness of a few hours, due to a heart attack.

Mrs. Deer was born and raised in Fayette County and spent practically all of her life here.

Her husband was killed in an automobile accident on the Jamestown road some four years ago.

Surviving are one son, Heber, this city; one granddaughter, Ann and three sisters, Mrs. H. O. Burris, this city; Mrs. William Payve, Sabina and Mrs. N. R. Summet, Versailles, Ohio.

Mrs. Deer had long been an active member in the Christian Church in this city, and was also a member of the Conner Farm Women's Club and the Selden Grange. She taught the Priscilla Bible Class in the Christian Church for four years.

She had resided in Washington C. H. the past six years, having moved here from their farm home west of this city.

Friends may call at the residence at any time up to the hour of the services. The casket will not be opened at the church.

Funeral services will be held Tuesday at 2 P. M. at the Christian Church on North North Street and burial will be made in the family lot in the Washington C. H. Cemetery, under the direction of the Klever Funeral Home.

Funeral services for Mrs. Ulric Acton were held Saturday at 2 P. M. at the Harmony Methodist Church, and were attended by a large number of relatives and friends. Rev. C. L. Thompson was in charge.

Mr. and Mrs. Laris Hard sang the three hymns: "Jesus Savior Pilot Me", "Good Night Here and Good Morning Up There" and "The Last Mile of the Way". Miss Leona Oswald was at the piano.

## PREVENTION OF FIRES STRESSED BY FIRE CHIEF

Full Public Co-operation Is Sought To Reduce Fire Hazards

Fire Chief George Hall and other firemen of the Washington C. H. Fire Department, who were very active last week—fire prevention week—and as a result the public generally is more conscious about fire hazards than ever before.

In a statement issued at the close of the week, Chief Hall said:

"Every American owes it to his family, to his country and to himself to do everything within his or her power to protect our common interests from the terrible destructive forces of fire.

"Even a small local fire helps the enemy because of the resulting loss of time and irreplaceable materials.

"Accidental fire costs Hitler nothing—and it is just as effective as if he had set the flames with his own incendiary bombs.

"Probably the last thing you, or any member of your family would want to see, would be a destructive and dangerous fire in your home or place of business.

"So in the spirit of helpfulness and mutual interest during the coming year lend us any aid possible to help prevent a fire.

"We of the fire department are ready at all times to aid you in preventing a fire, or stand ready to advise you on just what to do to prevent fires.

"We have found upon making inspections that many people are not aware of just what a fire hazard consists of, we would be glad to aid you, and will advise anyone upon call, if you are in doubt about anything that you even think may be hazardous.

"Some of the common causes of fires are as follows:

"Careless smokers, overheated stoves and furnaces, worn electrical cords, leaky gas connections, exposed cleaning fluids, dustless oil mop storage, oil soaked cleaning rags, unscreened or open fire places, improper electrical connections, over fused or blocked electrical circuits, careless handling and storage of matches, overheating of electrical devices, defective stoves and furnace pipes, unprotected floors under stoves and heaters, defective chimneys and flues, as well as many others not mentioned here."

## CHANGE OIL FURNACES TO COAL IF POSSIBLE; THAT'S TIP FROM OPA

COLUMBUS, Oct. 12.—(AP)—Ohioans whose oil furnaces can be converted to coal must make the change with "reasonable promptness" or their fuel oil supply will be shut off, the office of price Administration asserts.

Clifford Houser, regional OPA executive, said rationing would require conversion wherever possible and that investigations would be made if officials question an applicants assertion that a change-over could not be made.

## BROWN ENDORSED BY RAILROADERS

Record in Congress Is Basis Of Action

Congressman Clarence J. Brown who represents Fayette County in the House, is the selection of the Brotherhood of Railway Trainmen for Congress in this district.

A telegram was received in Washington, D. C., at the office of Rep. Brown, of this, the seventh congressional district, from William Rassey, chairman, and legislative representative of the Brotherhood of Railway Trainmen, informing Rep. Brown that the trainmen's organization had endorsed him for reelection. The endorsement was based, the telegram said, on Brown's record as congressman.
